Employee Payroll and Deduction Analysis – Flowchart

Problem Statement: Calculate an employee's gross salary using basic pay, allowances, overtime, and incentives. Apply progressive deductions and generate a formatted salary statement.

Flowchart

Flowchart Steps

1. Start
2. Input employee details (Employee ID, Name).
3. Input basic pay.
4. Input allowances.
5. Input overtime hours and overtime rate.
6. Input incentives.
7. Calculate overtime pay.

Overtime Pay = Overtime Hours × Overtime Rate

8. Calculate gross salary.

Gross Salary = Basic Pay + Allowances + Overtime Pay + Incentives

9. Calculate progressive deductions based on salary slabs.
10. Calculate total deductions.
11. Calculate net salary.

Net Salary = Gross Salary − Total Deductions

12. Generate and display salary statement.
13. Stop
